# 2006 CLUBLINK GOLF INFORMATION

## GRANDVIEW GOLF CLUB

The 1998 Masters and British Open Champion, Mark O’Meara, made his debut as a course designer at the Grandview property. Carved from the natural Muskoka landscape, the Mark O’Meara Course at Grandview Golf Club boasts tree lined fairways, dramatic elevation changes spotted with massive granite rock outcroppings and scenic marshlands. Every hole offers the feeling of a natural sanctuary. Generous landing areas and gently undulating greens provide for an enjoyable golf experience for all levels of play.

As an added sales incentive to our corporate guests and to encourage tournament business at Grandview Golf Club, Clevelands House guests have been granted limited availability to this course.
