

2006 CLUBLINK GOLF INFORMATION

THE LAKE JOSEPH CLUB

Designed by renowned Canadian architect, Thomas McBroom, this course was named Best New Canadian Course by Golf Digest and SCORE Magazine in 1997 and 1998 respectively. The Lake Joseph Club is a distinctively Canadian course characterized by magnificent trees, bold rock outcrops, dramatic elevation changes and the striking landscape of Muskoka. The Lake Joseph Club offers the very best of strategic golf and course conditions in a rugged, but accessible setting.

As an added sales incentive to our corporate guests and to encourage tournament business at the Lake Joseph Club, Clevelands House guests have been granted limited availability to this course.
