2004 GOLF INFORMATION

THE PORT CARLING GOLF AND COUNTRY CLUB

The Port Carling Golf & Country Club is located on 250 acres of land nestled in the rugged Canadian shield of Port Carling, Muskoka, Ontario. Designed by Thomas McBroom, this unique 18 hole course is one of the most spectacular and picturesque clubs in Canada, boasting some of the finest facilities to be found anywhere. The natural beauty of the Muskoka region has been carefully protected during the design, development and construction of the course, while always keeping in mind the golfer. The rich deciduous and coniferous forests surrounding the site, the granite outcroppings, streams and lake on the property were meticulously incorporated into the design.

Using the natural beauty of the site, McBroom and Associates have created an inspiring course of international standards. Granite chunk walls surround elevated tees, deep pot bunkers protect greens hidden from view, and elevation drops of 100 feet make play exhilarating.

As a corporate member, Clevelands House's guests have access to this outstanding course.
